

# CITY OF ROYE DOOMED

## THE WEATHER.

Local RAINS and thunder showers Saturday and probably Wednesday.

## Editorial Comment

Call 449 if you fail to get the Kentucky promptly. And if you have a news item, phone it to the same number.

Up to a late hour last night all of the Kaiser's sons were still safe, in the rear.

All young men reaching 21 since June 25 must register Aug. 24, next Saturday.

Kentucky has been called upon to furnish 250 limited service men to be sent to Camp Green, Charlotte, N. C.

Emperor Charles, of Austria, is in Germany trying to explain why he sent only two divisions when William needed ten last week.

The commander of the German air forces ridicules the idea that it is possible for Americans to attack German cities with 20,000 super-planes. Wait and see, old sport.

The new draft law will empty the boys' school and colleges, but will fill the trenches with the kind of soldiers who know no fear—Young America in uniform.

Keep an eye on Russia. The Cosacks are sweeping opposition before them on the Don river. Allied troops are advancing in two directions and the Ukrainians are starting a revolution of their own.

Anti-German sentiment is said to be growing in Turkey and posters are found on public walls declaring the Germans enemies of Turkey. Recently the German Ambassador threatened to bombard Constantinople with a battle cruiser and a quarrel with the grand vizier was very violent.

The daily bulletins from Senator James' bedside are all discouraging and the plain facts are that "Big Ollie" is hopelessly ill with an incurable malady. The most prominent statesman in America at his age of only 47 years, his public career is ended, and he will never again be able to resume the seat in the Senate for which he has just been renominated.

The most serious menace to Germany now is in Russia. The allied forces are pouring in on four fronts and the populace, with aid at hand, are ready to fight the invaders. The Bolshevik agents of Germany have sought safety in flight. Germany cannot send reinforcements. Her only chance is to combine with the traitors in Russia.

An order prohibiting the granting of commissions in the army to men in civil life between the proposed draft ages of 18 to 45 was issued by Secretary of War Baker. Students in Officers' Training Camps will be permitted to complete their courses and civilians not in training camps whose applications were approved before the order was issued will be given commissions.

President and Mrs. Wilson arrived at Manchester, Mass., for a visit at the summer home of Col. E. M. House. Their special train made the trip from Washington in approximately 12 hours. Escaping by a few hours some of the hottest weather of the summer, the President found the north shore delightfully cool and clear. It was said at the White House that the President's purpose was to rest a few days on the cool Massachusetts shore. He has many important problems pending which may be discussed with Col. House, who almost invariably is called in consultation when Mr. Wilson has weighty decisions to make.

## AIRPLANES AT THE FRONT

The allied air service is being perfected so that bombing squadrons are kept ready for instant service at airbases so that they may take the air at the instant that word is received from signal planes, troops or convoys in villages or at road terminals. This system was employed at Lésigny the other day. An observing plane reported the town encumbered with troops and supply trains. Airplanes to the number of 121 flew to the spot and twenty-one tons of bombs were dropped. This attack caused a large fire, destroyed motor trucks and blocked the streets of Lésigny, trying to the movement of the enemy for hours.

## FAIR IS NOW CLOSE AT HAND

AND PROSPECTS ARE THAT IT WILL BE BETTER THAN EVER.

With every passing day the prospects for this year's fair being the best in the history of the association grow brighter.

Beginning on Tuesday, August 27, the fair grounds will be open to the general public on each day of the fair from 8 o'clock in the morning until midnight and many improved conditions and new facilities will enable the public to enjoy themselves more fully.

A check room conveniently located under the grandstand will enable the visitors to check lunch baskets and other small articles at a slight cost.

A feed store will be established on the grounds under the supervision of the Board of Directors and provisions will be sold for stock at a reasonable price. A competent blacksmith will be located on the grounds for the convenience of the public. There will be plenty of room provided to take care of all stock and automobiles, while the Southern and American express companies will deliver free of charge to the fair grounds any package so marked.

The racing program promises to be better than ever before. In the past the secretary was compelled to solicit the attendance of big racing men, but this year he has received personal letters from prominent horsemen from Nashville, Memphis, Birmingham, Atlanta, Alabama, Tusculum, Alabama, Huntingburg, Ind., Latonia, Ky., and many other places asking for information concerning the fair this year and expressing their intention of sending their best horses to compete for the rich prizes offered.

On Tuesday the great baby contest will take place and all the prettiest babies in the Pennyroyal will be exhibited.

Wednesday will be beef cattle day with shorthorns and polled Durhams competing for handsome prizes, while on Thursday the Herefords and Angus will have the rings.

The fourth day will bring forth the dairy cattle competing singly and in herds and sheep according to age.

The last day will be open to Christian county in a grand horse and mule show and contest.

The speed rings every afternoon will bring forth all the talent that can be had both at home and abroad.

## GERMAN LOSSES.

Paris, Aug. 15.—The total German losses since the beginning of the war to the end of last July are understood to be six million, according to the morning newspapers.

The figures include 1,400,000 killed up to the beginning of the German offensive last March.

From March 25 to June 17 the Germans are said to have lost 120,000 in killed alone.

## GETS CIVIL SERVICE STANDING.

Miss Imogene Bartley has received an appointment as departmental clerk under the civil service in Washington. She went to Washington three weeks ago to accept an appointment in another branch of government work. The appointment gives her civil service standing, but she will remain in the position she now holds as typist.

## EDITOR'S SON PROMOTED.

Newcastle, Ky., Aug. 16.—Editor E. A. Gullion, has received a telegram announcing that his son, Capt. Walter Gullion, has received a commission as major in the Twentieth Infantry, of which he has been acting colonel since last fall. He is yet in his early twenties.

Mrs. Douglas McIntosh received notice yesterday that her husband Corp. Douglas McIntosh, of Co. A, 113th M. P., Camp Shelby, Miss., is able to be up, but not able to resume his duties. Corp. McIntosh became overheated and was in the hospital for two weeks.

## WOMEN WORK MAKING TANKS

(By Associated Press.)

London, Aug. 16.—British women have proved their ability in the making of "tank" parts, and in one factory the whole process of tank manufacture is now carried out by women, says Miss Anderson, Inspector of Factories.

Shipyard work is considered by inspectors as "hard but healthy" while others see the same benefit to women in the heavy work of steel and iron works, blast furnaces, brick works and spelter works. A foreman in charge of a blast furnace said he would be willing to undertake any ferro-concrete work with women only.

## CURING OF SHELL SHOCK

A Chateau in Lorraine, Aug. 16.—(Correspondence of The Associated Press.) American soldiers suffering from shell shock now are hurried in the shortest possible time to a base hospital established here for the special treatment of such cases.

The element of time is regarded by the specialists attached to this hospital as a prime importance. Efforts are made to deliver such cases to the hospitals within forty-eight hours after the first symptoms develop. A special ambulance service has been organized for that purpose. Once here, the shocked soldier remains here until the treatment of his case is finished.

If the nervous trouble of a patient results from concussion or from the strain of service, it is curable here. If it is not curable, it is because the case was not brought here soon enough or because it had a chronic foundation before the patient went into the army. Nervous symptoms resembling what has been called shell shock have developed under the simple strain of service in soldiers who have never heard a shell explode.

Base Hospital 117 treats both these aspects of war neurosis, and only according to the standards of neurological science. Hypnosis is seldom used. No dangerous experiments are allowed and isolation is not followed excepting as simple ward routine. The patients are kept together and the nurses are kept with them, giving their company as well as their experienced care and both are a part of the cure.

The patients, themselves, when they have recovered sufficiently become ex-officio members of the staff: they cooperate with the doctors and nurses in helping the other boys out of their muddled condition of mind and their unsteady state of nerves.

The most obvious part of the treatment is the use of tools or the instruments of sport. A shaking hand that is unable to retain anything in its gradually steadies with patient gripping exercises and this method has the advantage of occupying the mind while it re-educates the hand.

One boy whose head and hands were shaking constantly was seen weaving things out of dyed ends of string on a loom made for him out of odds and ends of lumber by other patients. Through his attention to the work and by the growing firmness of grip he is obtaining through practice he is gaining control of his nerves and will be cured in a few days. A machine shop with turning lathes, a tailoring shop and the ambulance garage furnish occupations for many.

All cases of palsy and paralysis resulting from concussion are cured here when taken in time. A boy who was brought in with a paralyzed leg is now walking around the grounds, after a week of treatment. Defects of speech are the most difficult cases; the treatment is longer and requires greater pains, but they yield to it finally.

Laborer Shell Cracker. Remounting an enlarged cut cracker, an implement has been invented for cracking the shells of laborers.

## ALLIES GIVING NO REST TO THE RETREATING HUNS WHO ARE ABOUT TO BE FLANKED

(By Associated Press.)

Evidently it is not in the plans of the Entente Allies, to leave the Germans secure in their possession of the line they now hold in the region between the Aisne and Somme. Although the front south of the Somme past Chaumes through Roye to Noyon has been studded with Fresh re-inforcements and innumerable guns in order to keep back the allied troops the Germans nevertheless have again been forced to give ground and seemingly their front soon must crumble as their retreat eastward continues.

The French and Canadians have fought their way west of Roye until they are virtually knocking at the doors of the town, adding materially to the danger of the town from the Canadians and French on the west, and the British on the northwest. The French have made an advance to the South which seemingly lays the town open to a flanking movement.

Taken altogether the position of the allied troops on the Somme-Oise salient is materially better than for several days past.

The retirement of the Germans on parts of the northern front continues, but these maneuvers as yet lack definite explanation.

Along the Vesle front, the Germans are deluging the positions of the French and Americans with all

sorts of projectiles, with little success. On the other battle fronts there is little fighting.

## EARLY WAR SUMMARY.

Allied pressure has been effectively renewed against the German line in the Roye region on the Picardy battle front.

The enemy is clinging determinedly to Roye as the bulwark of the positions he took after being driven back from the Aisne region.

Both French and British are pushing closer and making his prolonged tenacity of the place doubtful.

London last night reported that the British had advanced northwest of Roye, while Paris today reports a French forward movement west and southwest on a front of about two and one-half miles.

Roye is fast becoming the virtual Apex of a salient which will soon invite a crushing allied stroke in the Franco-British pressure is maintained.

All the other sectors of the western front appeared affected by a fighting lull.

In the east, from Moscow to Vladivostok, and from the White sea to the Caspian, the situation daily becomes more interesting and more menacing to Germany.

## TO DEMAND WAGE INCREASE FOR MINERS

(By Associated Press.)

Indianapolis, Aug. 16.—Labor conditions with coal mining industry for which "the only logical solution is a substantial flat wage increase to be applied to all classifications of mine labor," will be discussed at a conference of district presidents of the United Mine Workers to be held in Washington August 22, according to an announcement made here tonight by Frank J. Hayes, president of the United Mine Workers.

In announcing the conference President Hayes said it has been called to "avoid if possible rapidly developing labor conditions within the coal industry, which if permitted to go unchecked would undermine coal production plans."

"The wage increase can be met and applied by all coal operators without the necessity of an increase in the selling price of coal to the consuming public," asserted a miners' official, who added that paying of bonuses by many mine owners now was indisputable evidence that the industry is able to bear an advance in wages.

## VETERAN SOLDIERS DROWN.

Cincinnati, Ohio, August 15.—Two veteran sergeants at Ft. Thomas, Boone Coleman and Daniel Attick, were drowned in the Ohio river at Brent, Ky., Monday. Coleman's home was at Louisa, Ky., and Attick's at Pahang, Pa.

## ONLY ONE CIRCUS.

Hopkinsville will not have the pleasure of having John Robinson's circus on August 30. On account of conflicting with the fair the circus cancelled its date. Ringling Bros. are coming September the 20th, however.

## STEREOTYPED REPORT.

(By Associated Press.) Berlin via London, Aug. 16.—"On both sides of the Arve river strong enemy attacks failed with heavy losses," says an official communication issued from general headquarters tonight.

## GAINS MADE WEST OF ROYE THREE MILES

(By Associated Press.)

Paris, Aug. 16.—French and Canadian troops have made progress against the Germans over a front of more than three miles between Goyencourt and Laucourt west of Roye, according to a French official communication this evening. Boise Loges five miles southwest of Roye, has also been penetrated deeply by the French.

## KENTUCKIAN MISSING.

(By Associated Press.) Washington, Aug. 16.—The second section of today's casualty list, issued tonight, contained the name of John Cole, Viper, Ky., missing in action.

## TWO EMINENT SOLDIERS

Maj. Gen. J. Franklin Bell, commandant at Camp Upton, New York, and Col. Charles F. Lee, head of the British aviation section in America.

## BOTH SIDES MAKE ATTACK

(By Associated Press.)

With the American Army on the Vesle, Aug. 16.—The Germans launched a combined gas and artillery air bombing attack upon the French and Americans along the Vesle early Friday morning. This was in retaliation for the bombing raid by American airmen upon the bridges over the Aisne Friday morning.

## LENINE STILL ASSERTING

(By Associated Press.)

Harbin, Manchuria, Aug. 16.—(Correspondent of the Associated Press) Russia is powerless to take any part in the impending conflict of Allied and German affairs in the Murman district, according to the version of a recent speech by Premier Lenine which has been received here.

"The English and French bourgeoisie have spent enormous sums on Murman and of course with mercenary purpose," asserted Lenine.

"They have landed troops to protect the Murman coast. We had no proper forces to prevent this. The German government demands that they be disarmed, telling us that if we cannot defend ourselves they will carry on the war in our territory."

Referring to the Ukraine, Lenine claimed that the Germans were met everywhere with desperate resistance. "To the Caucasus," Lenine points out, "the Soviet sent inquiries regarding the new frontiers which the Caucasian Government laid claim to, but received no answer."

"We are not a great power. Of Russia nothing is left but Great Russia. For us the interests of universal socialism are higher than national interests. For us, little down-trodden Great Britain stands far higher than that stupendous great power that sold itself to the imperialists with secret treaties."

"We cannot now conceal the fact that we are in favor of defense. We wish to defend our socialist fatherland. For this we must have a proletarian dictatorship."

## HICKS GIVEN 99 YEARS.

Dixon, Ky., Aug. 16.—Heber Hicks charged with the murder of Mrs. Joy Sparks, was given 99 years by a jury here this afternoon.

Hicks, himself, who was on the stand for five hours, was the chief attraction of the trial. And during that period he traced his life from the time he could first remember, until the present day. He accused Jas. Logan, colored, of having killed the woman but admitted he laid the plans. Mrs. Sparks was accused of maintaining improper relations with the boy's father.

Alienists testified that Hicks was of unsound mind.

## WORRYING OVER NAMES

(By Associated Press.)

Amsterdam, Aug. 16.—The renaming of the German ships seized in American ports causes the Weser Zeitung of Bremen to question whether in future German ships should ever be given foreign names again. Even names such as President Lincoln and President Grant, the paper says, have become impossible. It asks: Can anyone imagine a liner named the President Wilson built on a German yard and flying the black, white and red colors?"

## GEN. WILLIAMS IN FRANCE.

Lexington, Ky., Aug. 14.—A cablegram today brings news that Gen. Roger D. Williams has arrived in the war area to command a Red Cross division. He was formerly brigadier general of the National Guard, but was retired from active service last April because of physical defects. His son, Roger D., Jr., has been in France some time, and is the youngest regular army captain in service.

## SUBMARINE FIRES TANKER

TWENTY-FIVE MILES OFF OF CAPE HATTERAS—CREW TAKEN OFF BY LIFE GUARDS.

(By Associated Press.)

Beaufort, N. C., Aug. 16.—A large oil tanker is afire about twenty-five miles off Cape Hatteras, according to reports brought here tonight. A submarine is lying close by. Members of the crew have been taken off by life guards.

A submarine, presumed to be German, is thought to have set fire to the tanker by shellfire.

## PADUCAHANS MEET IN SHELL-TORN FRANCE

It was with unconcealed joy that Sergeant Dezra W. (Jumbo) Thurman met a girl from his home town the other day over in France. It came about in this fashion.

Sergeant Thurman was dispensing the bread, being in the bakers' head quarters somewhere close to the lines. Said an American soldier as he called to receive his portion of the eats: "Say, Sergeant, there's a young lady over at the base hospital from your home city."

Sergeant Thurman's face was illuminated with a broad smile. "That so?" he said. "Good; I'll be right over."

Brushing up a bit, the Sergeant "beat it" for the base hospital. A moment later two Paducahans were shaking hands warmly and exchanging reminiscences, oblivious to the thunder of guns away towards the woods where the Huns were.

The Paducah girl was Miss May Warren Neighbors, trained nurse and graduate of Riverside.—Paducah Sun

## CADET FLIERS KILLED.

Rantoul, Ill., Aug. 14.—Lieut. J. W. Johnson, a cadet at Chanute Aviation field, was killed today when his plane fell at Gifford, six miles east of here. Another aviator in the plane was only slightly hurt. The plane fell about 1,000 feet. Lieut. Johnson lived at Trafford, Ala. He was an instructor at Chanute field. The name of the other aviator was withheld by military authorities.

Ft. Worth, Tex., Aug. 14.—Cadet William R. Turnstall, son of John R. Turnstall, of Brookfield, Mass., was killed today when his airplane collided with another machine several thousand feet in the air. The second machine landed safely and the cadet occupant escaped uninjured.

## "TELL MOTHER" ALWAYS FIRST WORDS OF MARINE.

Paris, France, Aug. 14.—"Tell Mother!" These are always the first words of the wounded U. S. marines, those devil dog fighters who routed the pick of the German forces in the recent battle on the Marne, when they are brought into hospitals here. One Marine just a boy, said: "I've been a sort of wanderer for the past six years. I guess the folks back home thought I was good for nothing. But now I wish you would write Mother for me and just tell her I made good."

## MILLIONS OF LETTERS WRITTEN BY SOLDIERS.

Washington, Aug. 9.—More than 7,000,000 letters, packages and post cards from American soldiers in France have been received at Atlantic ports since July 29, and the Post-office Department announced today that everyone of them was started for its destination within twenty-four hours after its arrival. One ship brought 2,823,000 letters and another 300,000 on August 2 and a ship arriving August 5, brought 2,031,000. Of all this mail, the department said, 80 per cent, was sorted as to railroad routes in this country before it left France.

## LITTLE DOUGLAS.

Born to Mr. and Mrs. D. R. Hancock, yesterday morning, a fine son, Douglas Tucker Hancock, Jr.

Four million American soldiers can defeat the German army, is the belief of Gen. March, chief of staff, and present plans of the war department call for more than that number under arms next summer with some 3,200,000 of them, or eighty divisions, in France by June 30.

Thousands of bales of hay and straw were consumed Wednesday night when the big hay shed of the quartermaster department, on the Poplar level road, at Camp Zachary Taylor, was destroyed by fire during an electrical storm which swept over the city and county. The blaze was started by lightning.

In phrases tempered with joy, the Paris newspapers outline the great change that one short month has brought. The enemy, who was at the gates of Amiens, Rheims and Compiègne, has been soundly beaten and outgeneraled at every point and the initiative has been wrung from him by the military genius of General Foch. The German command, it is said, has transferred the direction of operations to General von Boehm, a specialist in retreats. The allied operations, in which Americans have borne a creditable part have resulted in the capture of 73,000 prisoners and 1,700 guns. This is a greater number than the allies have previously captured in any four weeks of the war.

**PRESIDENT PRAISES PATRIOTISM OF DOCTORS.**

Washington, Aug. 15.—President Wilson in a letter to Dr. Franklin Martin, chairman of the general medical board of the council of national defense, made public tonight, expressed his appreciation of the service being rendered the nation at this time by the medical profession. The establishment of a volunteer medical service corps to include all physicians who because of age, physical disability, dependents and essential home needs are ineligible for the medical corps of the army or navy.

**26 SUFFRAGETS SENTENCED.**

Washington, Aug. 15.—Twenty-six women who have been defying the police in woman's party demonstrations on the square opposite the white house, in protest against the senate's delay in acting on the federal suffrage amendment, were given jail sentences in the police court today when they refused to pay fines.

Trigg's new quota is 20 white men Aug. 26 for Camp Taylor.

**GLAD TO TESTIFY**

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then it would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. I have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

**CADIZ BABIES DYING.**

Three small children, all around two years of age and living in the same section of town, died in Cadiz within a period of three days during the past week. They were all affected with some stomach and bowel trouble, and the skill of practically all the physicians of the town was unable to give them relief, says the Record. They were Helen, daughter of Mr. and Mrs. W. A. West. Charlie Cunningham, son of Mr. and Mrs. Lois Cunningham and Mary Grace, daughter of Mr. and Mrs. Clifton W. Larkins. Other children are ill with the same trouble.

**CARBONVOID.**

Will save fifty gallons of gasoline for \$1.00. Use Carbonvoid in your motor car and increase your mileage 25 per cent., and eliminate all carbon trouble. Upon receipt of \$1.00 we will send you prepaid a full size tube of Carbonvoid.

**BRITISH BOMBED DUCHESS' PALACE.**

Geneva, August 15.—Details received here concerning the recent British aerial bombardment of Karlsruhe say that the northern portion of the station was seriously damaged, as also was the arsenal where there was an explosion, and that one bomb exploded on the wing of the palace of the Grand Duchess Sophie, killing or injuring several visitors and servants. A second bomb fell near a cannon factory which, however, escaped injury. A third bomb smashed the windows of the principal church of the city. At the time, the church was filled with worshippers, who fled in panic. Many persons were injured.

The Germans admit that eleven persons were killed and twenty-six injured. Up to the present, no train from Karlsruhe has arrived at Basel since the air raid.

**BRITISH DOWN TWENTY-EIGHT PLANES IN A DAY.**

London, Aug. 15.—Twenty-one German airplanes were destroyed and six driven down out of commission yesterday, according to the official communication on aerial work issued tonight. Fifteen British planes are missing as a result of the air combats.

Orders taken for Victrolas and Records.

**NOTICE TO TAXPAYERS.**

You are required to call at the County Assessor's office at once and give in your list of property for taxes, for we cannot list everybody the last day. I have from July 1, 1918, to Nov. 1, 1918 to list 14,000 taxpayers. Consequently everyone who can should come in now in order to save paying a penalty and avoid the rush. O. M. WILSON, County Tax Commissioner. 118teod.

**TO ALL WOMEN WHO ARE ILL**

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it, I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."

Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska. This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

The Cadiz Record has advanced its subscription price to \$1.50.

Louisville's dead now number 21.

**DON'T FUSS.**

By B. L. T.

Consider Mr. Shadrach, Of fiery furnace fame; He didn't bleat about the heat Or fuss about the flame. He didn't stew and worry, And get his nerves in kinks, Nor fill his skin with limes and gin And other "cooling drinks."

Consider Mr. Meshach, Who feel the furnace, too; He let it sizz, nor queried "Is it hot enough for you?" He didn't mop his forehead And hunt a shady spot; Nor did he say "Gee! what a day. Believe me, it's some hot."

Consider, too, Abed-ne-go, Who shared his comrades' plight; He didn't shake his coat and make Himself a holy sight. He didn't wear suspenders Without a coat or vest; Nor did he scowl and snort and howl, And make himself a pest.

Consider, friends, this trio—How little fuss they made, They didn't curse when it was worse Than ninety in the shade, They moved about serenely Within the furnace bright, And soon forgot that it was hot, With "no relief in sight." —Springfield Herald.

Mr. and Mrs. Harry Gaines and daughter Emma Lee, Mrs. Julia Baker and Miss Lizzie Nance have gone on a visit to friends in Louisville, in Mr. Gaines' car.

**Doctors Say: "Take Iron"**

For building up weak, nervous, run-down people, doctors prescribe iron. It is the greatest blood purifier and strengthener known and, taken in proper quantities, it builds up the body like nothing else can. But many of the iron preparations before the public contain too little iron; many of them contain 10 to 25 per cent of alcohol, and alcohol counteracts the efficiency of the iron.

**Acid Iron Mineral**

is free from the presence of alcohol. It is obtained from the only natural medicinal iron mineral deposit of its kind known to the world; a pure, natural iron product, free from the drug of the chemist and the "dope" of the pill maker.

In addition to three forms of natural iron Acid Iron Mineral contains magnesium, potassium, sodium and calcium, medicinal properties which your doctor prescribes for indigestion, dyspepsia, constipation, and many ailments arising from a disordered stomach. As a general tonic it comes closest to the ideal, making rich, pure blood and toning up the system and vital organs to normal.

Be sure you get Acid Iron Mineral; ask for it by name. Look for the A-I-M trade mark, it is your guarantee of a pure concentrated, efficient, economical iron product. At all reliable druggists or the Ferrudine Chemical Corp., Roanoke, Va., \$1 per bottle prepaid.—Advertisement.

## REDUCE CASUALTIES FOE ORDERS IN JUNE

Ludendorff Told His Armies Stubborn Defense Could Not Win, Only Further Attack.

(By Associated Press.)

With the British Army in France, Aug. 15.—A captured enemy secret order signed "Ludendorff" lays stress on the necessity of economizing men. The order asserts that two elements essential to the future conduct of the war are to "maintain everywhere our fighting strength and the spirit of offensive."

The captured document was issued late in June, since which time not only have the German forces been materially whittled down by the allied armies, but if the "spirit of offensive" still exists it certainly is not among the troops that have been fighting at the Somme and the Marne rivers.

"It is essential," says the order in beginning, "that all commanders of whatever rank, as well as all troops should be imbued with the idea that the war cannot be won by a stubborn defense, but only by a further succession of vigorous attacks. These attacks, however, cannot lead to victory unless we adhere to and improve on the methods of warfare adopted in the recent offensives."

The order then goes on to say that everywhere under the well tried principles of the manual of infantry training in war and the additions made by the high command, namely, Von Hindenburg and Ludendorff, success had been gained at small cost. It cites as an example the operations southwest of Noyon from July 9 onward.

"Not only is there a probability of obtaining other successes by these methods, but also the situation in regard to reinforcements compels us to perfect them still further."

### GOVERNMENT SENDS AN URGENT CALL.

The President of the Civil-Service Commission recently wired:

"Need for stenographers and typists at Washington grows more acute daily. Increase effort all possible."

The Government and business concerns are short five hundred thousand bookkeepers and stenographers, and are offering beginners salaries never before heard of.

The Government drafted our Civil-Service Bookkeeping Set, and about EIGHTY-FIVE per cent of the Government's stenographers write the Shorthand system that we teach—THE BEST evidence that our courses are THE BEST.

Take, BY MAIL, our eight-weeks' Civil-Service-Mercantile-Bookkeeping Course, the latter course consisting of THIRTY LESSONS, and we guarantee you from \$85 to \$125 a month as soon as you qualify. Money back if not satisfied. Two hundred thousand satisfied, money-making former students. Clip, fill out, and send us the following coupon:

COUPON  
DRAUGHON'S COLLEGE,  
Nashville, Tenn.  
Send me, FREE, your book on Home Study, and tell me about your new plan of teaching—the plan whereby it is EASY to learn, BY MAIL, Bookkeeping, Short-hand, Penmanship, etc. This notice was clipped from The Kentucky, Hopkinsville, Ky.

Yours truly,  
(Name)

## TAKE NOTICE!

In response to a call from the Commercial Economy Board of the Kentucky Council of Defense the committee appointed by the State representative for the city of Hopkinsville, beg to state by the authority invested in us the following instructions of the Conservation Division of the War Industries Board, the following rules and regulations in regard to your future deliveries of merchandise must be observed.

- 1.—All customers will be limited to one delivery per day.
  - 2.—No deliveries to be made before 12 o'clock noon.
  - 3.—All orders received at 12 o'clock noon to be delivered as soon as possible, after that hour.
  - 4.—All orders received after 12 o'clock noon, will be delivered the following afternoon.
  - 5.—SATURDAY EXCEPTED.
  - 6.—No deliveries will be made before 12 o'clock noon.
  - 7.—All orders can be delivered that have been received up to 7 o'clock p. m.
  - 8.—All orders received after 7 o'clock p. m. shall not be delivered until Monday at noon.
  - 9.—The above order applies to all commodities handled by grocermen and meat dealers with the exception of FRESH MEAT which can be delivered any time to suit the merchant and customer.
- We will appreciate it very much if our customers will cooperate with us in this War Saving Power. And all violators of the above rules will be reported to the Commercial Economy Board of the Kentucky Council of Defense as this plan is put on by that Board, and not by the Grocermen.

The above rules and regulations to go into effect Friday, the 16th day of August.

We wish to state to the buying public that the curtailing of deliveries is not done by the merchants by their own initiative, but as the request from the GOVERNMENT and to this end any individual, firm or corporation violating the above rules and regulations will immediately be reported to the War Industries Board at Washington, D. C., through its State representative at Louisville, Kentucky.

GARNER E. DALTON,  
Chairman Committee.

# Read The Above Carefully

It is Self-Explanatory and Was Published in Thursday's  
Daily Kentuckian and Daily Kentucky New Era

## TO THE PUBLIC:

Our Motto has always been "A Pleased Customer" and we want to still adhere to it, but first the HUNS MUST BE WHIPPED and it isn't a question of whether the above ruling exactly meets with your view or ours. THE GOVERNMENT has ordered it and it's OUR PATRIOTIC DUTY to fully comply.

PLEASE DON'T Ask us to break the above order for we will not; and it is the duty for both MERCHANT and CUSTOMER to join hands and willingly BACK THE GOVERNMENT on all orders given.

Our Delivery One p. m. Daily  
WHEN YOU THINK OF GROCERIES, THINK OF COOPER'S. Will appreciate your business. Phone 116-336

## Letters From Soldier Boys

### FROM GUY SMITHSON.

Somewhere in France, July 12, 1918.

Miss Flora Smithson,

Dear Neice:

Guess you think I have forgotten you as it has been so long since I wrote to you. But I don't think I have got but one letter from you since I left home.

How is brother and all the others? I guess Douglas is busy all of the time with his hammer trying to keep all of the loose nails driven up. Guess you will laugh when I tell you what kind of house I am living in. It is a little tent just large enough for two men to get in and lie down. We call them pup tents because they are so small. Our tents are in the school house yard, some of the boys sleep in the school house, but I am staying in pup tent.

They were teaching school here when we got here but they dismissed so we could have the place.

What would you think if you could sit up until nine o'clock in the evening and then go to bed at sun down? I go to bed at nine or ten o'clock and it is not dark then.

Well I had to stop and go to help bring some water to use about breakfast and now it is getting too dark to see how to write so I will close with love to all.

Call grandmother and let her know I am well.

As ever, your uncle,

### FROM BRYAN STROUBE.

Great Lakes, Ill., Aug. 12, 1918.

Mrs. J. P. Stroube.

Dear Mother:

The mail just came and I got a letter from you and was sure glad to hear all were well. We came from camp only a few moments ago and it is needless to say I am feeling fine, as I always do after eating a good meal. You have no idea what an appetite we have up here after drilling and taking exercise. You know if my appetite is any larger than it was before I enlisted it must be something abnormal.

Our company is still in quarantine but I think we will get shore leave about Saturday for about twelve hours anyway, as I think the quarantine will be lifted by that time. I guess a bunch of us will go over to Chicago and some will go to Waukegan and other places close by. I think we will go in bunches, as this company sticks together better than any brothers I ever saw. I have never seen one yet fail to accommodate the other in any way possible. They are the jolliest company at Great Lakes I know. It would be impossible to have the blues here. There are boys here from every state in the Union I reckon, and some from Canada.

There are several in our company from old Kentucky and you just ought to be around and hear us joke those northerners about the good looking girls in Kentucky. Of course they all think the girls from their state the prettiest but they have to admit we have them bested. You spoke of it being so hot down there in your last letter, well it is pretty hot up here this afternoon but usually the breezes off the lakes makes it very pleasant, and we have had several large rains up here. I sure did enjoy it.

joy the Kentuckians you sent me and Sam did too. The boys borrowed them and read them too. A home paper looks good and brings news you would never think of writing, in fact, you wouldn't have the space. Grandmother sent me five issues about ten days ago.

Your letter stated that a star had been placed in the service flag at Bollivar in my honor for which I am very grateful. Well, as it is getting late I guess I had better bring this to a close. Write soon.

Your devoted son,

BRYAN.

### FROM AUSTIN SMITHSON.

July 10, 1918.

Miss Flora Smithson,

Dear Cousin:

I am somewhere in France and have my "pup tent" put up in a school yard. We are billeted in a village about twice as big as Herndon and live in tents, barns, shops school houses, private houses and in fact any where that men can sleep and be protected from the weather. We have our own cooks and they put out our chow and it is pretty good eating. Yesterday we went out for a short hike and carried uncooked rations with us and each man cooked his own dinner by the lane. Guy and I cooked ours over the same fire. We had bacon, rice, tea and coffee and it was as good a meal of its kind I ever ate. You know we both have done some cooking at home, so we knew a little bit about how to go about it. I cooked my own grub lots of times when I was out west a few years ago. We came to this village in small box cars and it was pretty rough traveling too. We had 40 men in our car and rode all night and most of the next day in the same car. The railroad trains here are very much different from the ones at home, the coaches are about as big as street cars and the seats run across the cars and are tent seats holding 4 people to a section with doors in the sides of the car. You never seen the conductor, as he is called here the guard, after he takes your ticket and closes the door before the train starts till you get to your station. Most of the engines are about the size of mine engines but are very powerful and pull pretty long trains at good speed. The freight cars are not made higher than a four horse wagon and I have seen lots of loads on wagons that were heavier than the loads that some of the cars carry. The folks in this place are mostly poor people and dress about like Americans did 50 years ago, but are very nice to us. They all try to make us understand what they say and try to understand us, but it is fun to try to talk to them to see the way they use their hands to show us what they mean. I saw a girl Sunday who looks a whole lot like Bunoney, she isn't as old or as large. I have tried to find her every afternoon since, but haven't been able to locate her. We can go to town every day from six till nine and then it is not near dark. It is nine now and the sun has been down an hour or more and it will be over an hour before it gets dark enough to make it hard to see to read without a candle.

The days get pretty warm but coats feel pretty good about six o'clock and some of the nights are real cool but I have my tent and three blankets, so I keep pretty comfortable. Each man carries half of a tent and two pitch together. My tent partner is a Russian and is a fine fellow. We put our raincoats over the open end of the tent at night to keep the rain out and that helps to keep it from getting so cold. I heard of a man the other day who had been captured by the Huns and escaped and brought from Ger-

many with him the knob off a door. Some one asked him what he had that for and he said it was a souvenir of the only house he stopped at as he was making his escape. He said he stepped up to a house and as he took hold of the knob to call the people to the door a big shell hit the house and knocked it clear out of his hand but he held the knob and broke it off. Some stunt wasn't it?

I haven't heard from home for more than a month but hope to get letters in a few days by the next mail. You tell Uncle Charlie and the rest of the folks at home that Guy and I are both well and are getting along fine. I wish I could see you all and put my feet under a table with a cloth on it and plates to eat out of and sleep in a bed, but can't just yet. I sat in a chair today for the first time since I left home and it was in a French wine shop. The water here is hardly fit to drink so the natives drink light wines instead and of course we do too, for "When in Rome do as Rome does."

Must close for this time and get out and try to take a smoke of strong tobacco, but don't expect to find any as it is mighty scarce. With love,

Your cousin,

PVT. AUSTIN P. SMITHSON.

## DR. BEAZLEY

---SPECIALIST---

Eye, Ear, Nose and Throat

Among the many monuments to General Sherman, the one situated in Calvary Cemetery, St. Louis, is a most unique, compelling sign. The very character of its architecture seems to emphasize the faithful and honorable spirit of this old warrior.

We believe in being faithful to a trust.

We believe in being honorable in our dealings. We do a high-charactered work at a reasonable price.

## McCLAUD & ARMSTRONG

509 N. Main St., Hopkinsville, Ky.

Telephone 490.
